PRESS RELEASE: January 17, 2022

RE: Throttle Car Club, LLC acquires Double S Speed Shop of Portland Maine

We are pleased to announce that effective January 1, 2022 Double S Speed Shop in Portland, ME and Throttle Car Club, LLC have joined forces to form “Throttle Garage”. Throttle Garage will provide both custom car restorations and performance upgrades. This is a very exciting venture for both companies, our employees, our members as well as our clients.

The team that makes up Double S today is amongst the best in the industry, and we couldn't be more excited to be joining forces with them. Their craftsmanship and attention to detail are just some of the many reasons we feel fortunate to have them on board. This merger will create a natural synergy between a newly formed car club that is driven by passionate auto enthusiasts and a seasoned restoration and speed shop that has a loyal customer base of like-minded vehicle owners. This is a unification of two highly compatible organizations that hold similar values and philosophies on doing business, with an emphasis on honesty and integrity and delivering an excellent product and an exceptional experience for our customers.

Scott Pitcock & Fred Steeves will lead the team at Throttle Garage and, for the short term, continue to operate at 121 Bishop Street in Portland. We are in the process of building a brand-new 7,500 SF facility directly behind Throttle Car Club in Scarborough with an expected opening of late 2022. The new state-of-the-art garage will allow us to bring additional talent onto the team and expand our services.

Please join us as we look forward to an exciting and prosperous future for our employees, our members, and our clients. We can't wait to see the next set of custom builds coming out of Throttle Garage, and we know they will exceed your expectations.

Please click the links below to see some exciting news about the team from Double S as well as their long history in the art of restoring & modifying vehicles.
